1. COMPLETE AGREEMENT - The purchase order and all documents attached represent the entire agreement between the Smithsonian Institution (SI) and the Contractor. Any modification, alteration or amendment to this purchase order must be in writing and signed by an authorized agent of the SI.

2. INSPECTION AND ACCEPTANCE - The Contractor shall tender for acceptance only those items that conform to the requirements of this contract. The SI reserves the right to inspect, test or evaluate any supplies or services that have been tendered for acceptance. The SI may require repair or replacement of nonconforming supplies or re-performance of nonconforming services at the Contractors expense. The SI must exercise its post acceptance rights - (a) Within a reasonable period of time after the defect was discovered or should have been discovered; and (b) Before any substantial change occurs in the condition of the item, unless the change is due to the fault in the item. Inspection and acceptance will be at destination, unless otherwise provided in writing. Until delivery and acceptance, and after any rejections, risk of loss will be on the Contractor unless loss results from negligence of the SI. Final acceptance by the SI will be conditional upon fulfillment of the above requirements.

3. OVERPAYMENT - If the Contractor becomes aware of a duplicate invoice payment or that the SI has otherwise overpaid on an invoice payment, the Contractor shall immediately notify the Contracting Officer and request instructions for disposition of the overpayment.

4. USE OF SMITHSONIAN NAME or LOGO PROHIBITED - The SI owns, controls and/or has registered the trademarks/service marks “Smithsonian,” “Smithsonian Institution” and the Smithsonian sunburst logo. Except as may be otherwise provided herein, the Contractor shall not refer to the SI or to any of its museums, organizations, or facilities in any manner or through any medium, whether written, oral, or visual, for any purpose whatsoever, including, but not limited to, advertising, marketing, promotion, publicity, or solicitation without written consent.

5. WARRANTY - The Contractor warrants and implies that the goods and services furnished hereunder are merchantable, fully conform to the SI's specifications, drawings, designs, and are fit for intended use described in this contract. The Contractor agrees that the supplies or services furnished under this contract shall be covered by the most favorable commercial warranties the Contractor gives to all customers for such supplies or services, and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to the Government by any other clause of this contract. Contractor agrees to pass through all warranties from other manufacturers.

6. TITLE - Unless otherwise specified in this contract, title to items furnished under this contract shall pass to the SI upon acceptance, regardless of when or where the SI takes physical possession.

7. EXCUSABLE DELAYS - The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the SI, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

8. DISPUTES - Any dispute arising under this contract that the parties are unable to resolve shall be decided by the Contracting Officer. All disputes must be submitted to the Contracting Officer in the form of a written claim supported by evidence within twelve (12) months following accrual of the claim. The Contracting Officer will provide a written decision to the Contractor, and that decision is the final and conclusive decision of the Smithsonian Institution, which is effective on the date the Contractor receives the decision. The Contractor retains all rights to subsequent judicial review to which it is entitled under federal law. The Contractor shall comply with any decision of the Contracting Officer and otherwise proceed diligently with performance of this contract pending final resolution of any request for relief, claim, or action arising under the contract.

9. TERMINATION FOR CAUSE - The SI may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the SI, upon request, with adequate assurances of future performance. In the event of termination for cause, the SI shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the SI for any and all rights and remedies provided by law. If it is determined that the SI improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

10. TERMINATION FOR THE SMITHSONIAN'S CONVENIENCE - The SI reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges that the Contractor can demonstrate to the satisfaction of the SI, using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the SI any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

11. CHANGES - The SI may at any time, in writing, make changes within the general scope of this purchase order to include. (a) Technical requirements and descriptions, specifications, statements of work, drawings or designs; (b) Shipment or packing methods; (c) Place of delivery, inspection or acceptance; (d) Reasonable adjustments in quantities or delivery schedules or both; and. (e) SI-furnished property, if any. If any such change causes an increase or decrease in the cost of or the time required for performance of this purchase order, the Contractor shall inform the SI in writing within thirty (30) days after receipt of change request. Any additional charges must be approved in writing by the SI authorized procurement officer executing this purchase order. Contractor shall not make any changes without the written consent of the SI authority executing this purchase order.

12. CONFIDENTIALITY and DISCLOSURE - Confidential Information. Confidential Information consists of trade secrets, product concepts, customer information, marketing communication material, marketing strategies, and other commercial or financial information that if affirmatively used by a competitor of the disclosing party would cause the disclosing party substantial competitive harm or information the release of which would violate the privacy rights of a third party with no overriding public interest. (b) For kiosks and interactives developed by Contractor, the Contractor shall take all reasonably necessary steps to ensure they will be maintained with antivirus software and routine patching. (c) If Contractor discovers that information was collected from someone under the age of 13 in violation of the SKOP’s parental permission requirements, Contractor shall provide notice to the Smithsonian Privacy Office as soon as possible, but no later than 24 hours after discovery, and delete that information as soon as possible, but no later than 24 hours after discovery. (d) Any Public-Facing Software that employs tracking technology (such as geolocation or a cookie, web bug, or web beacon) or collects contact information shall provide all users with an appropriate and accessible opportunity to accept or decline (“opt-in”) the use of any tracking technology prior to its use (i.e., “just in time” notice and consent) as well as: (i) for those who decline the “opt-in,” reasonable access to the Public-Facing Software; and (ii) for those who “opt-in”, a subsequent and accessible opportunity to request that the tracking or communications cease (i.e., “opt-out”).

4. Cardholder Data and PCI Sensitive Authentication Data: (a) Any Contractor that collects, processes, stores, transmits, or affects the security of cardholder data or PCI sensitive authentication data, a current, complete, comprehensive, and signed PCI Data Security Standard (“DSS”) Attestation of Compliance (AOC), a template for which may be accessible in the online document library of the PCI Security Standards Council (“SSC”); (ii) the PCI DSS Requirement Management Form provided by the COTR, which asks whether Contractor or a third party shall be responsible for ensuring that certain key DSS requirements are met; (iii) for each Payment Application, i.e., application, system, software, or website used to electronically process, store, or transmit cardholder data or PCI sensitive authentication data as defined by the SSC, the listing from the SSC website’s List of Validated Payment Applications; (iv) for each payment device, the listing from the SSC website’s Approved Personal Identification Number Transaction Security (“PTS”) Devices list; (v) for each system used to process Point of Sale card-present transactions, the listing from the SSC website’s Point-to-Point Encryption Solutions list; and (vi) if requested, any additional evidence needed to determine the PCI compliance of activities related to this contract. (b) All credit card-present transactions at the Smithsonian must be processed through a PCI SSC P2PE solution and be EMV compatible. (c) Contractor shall provide the documents and listings identified in Paragraph 4(a) before it shall be permitted to use the relevant technology, and shall provide updated documents and listings to the COTR for review and approval before a system change results in one or more of the required documents or listings becoming inaccurate. (d) Each payment device that collects, processes, stores, transmits, or affects the security of cardholder data or PCI sensitive authentication data, either directly or through a third party, must adhere to the current PTS standard maintained by the SSC. (e) Each system used to process Point of Sale card-present transactions must comply with the Smithsonian Office of the Chief Information Officer (“OCIO”) standards provided by the COTR, to include the Technical Note IT-930-TN99, Implementation of P2PE Devices and TransArmor Services, or its successor. (e) The Contractor shall maintain all Smithsonian Data inside the United States. (f) For Contractor custom developed (non-COTS) systems and websites to be hosted at the Smithsonian, Contractor shall complete all requested Smithsonian Assessment and Authorization documentation for the components/aspects of the system provided by Contractor, and shall fully cooperate with the Smithsonian’s security assessment process, including providing requested security control evidence and access to interview appropriate Contractor personnel about security controls. (g) For Contractor developed applications or Contractor built interactive systems (e.g., public-facing exhibit technology incorporated through digital signage, custom interactives, content players, media players, audio streaming devices, lighting or control automation systems), Contractor shall not circumvent the security of system (e.g., the use of backdoor or maintenance hook provisions are prohibited). (h) Contractor shall not implement into live production or use any system or website operated for the Smithsonian or containing Smithsonian Data until security and privacy authorization has been granted in writing by the Smithsonian Office of the Chief Information Officer (“OCIO”) and the Smithsonian Privacy Officer via the COTR. The content and timing of the course(s), agreement, or background check shall be substantially similar to one that would be required of a Smithsonian employee with access to similar Smithsonian networks/systems. (b) Contractor shall notify the COTR at least two weeks before any of Contractor’s employee requiring a Smithsonian credential, network account or other access, or other Smithsonian-furnished equipment stops supporting the work of this contract. In the event that Contractor is not provided two weeks’ notice by its employee, Contractor will notify the COTR as soon as Contractor becomes aware of the employee’s departure from the contracted work. (c) Contractor shall, when any employee requiring a Smithsonian credential, network account or other access, or other Smithsonian furnished equipment stop supporting the work of this contract, provide such employee’s Smithsonian credential and any Smithsonian furnished equipment to the COTR within three business days.

(the “Copyright Act”) and works of any similar nature (whether or not copyrighted) which are included in the material to be delivered under this contract.

(a) **Work for Hire.** All Subject Data first produced, composed, or created in the performance of this contract, where such Subject Data consists of a work: (i) specially ordered or commissioned for use as a contribution to a collective work; (ii) as part of a motion picture or other audiovisual work; (iii) as a translation; (iv) as a supplementary work; (v) as a compilation; (vi) as an instructional text; (vii) as a test; (viii) as answer material for a test; or (ix) as an atlas, as each of those terms are used and defined by the Copyright Act, shall be considered a “work made for hire,” as that term is defined under the Copyright Act. The copyright to such Subject Data shall be the exclusive property of Smithsonian and may be registered by the Smithsonian Institution in its own name.

The copyright to such Subject Data shall be the exclusive property of Smithsonian and may be registered by the Smithsonian Institution in its own name.

(c) Except as specified herein, no Subject Data first produced in the performance of this Agreement may be published or reproduced by Contractor in whole or in part, in any manner or form, without Smithsonian’s prior written consent. Such license includes, without limitation, the rights to reproduce, publish, translate, broadcast, transmit, distribute, exploit, display, use, sell, and/or dispose of such Subject Data in any manner, and to authorize others to do so. (e) The Contractor hereby warrants that the Subject Data delivered to Smithsonian pursuant to this contract does not infringe statutory copyrights or common law literary rights of Contractor or others and contains no matter libelous or otherwise unlawful. Contractor agrees to indemnify the Smithsonian Institution, its Board of Regents, officers, agents, and employees against any liability, including costs and expenses, for: (i) violations of copyright or any other property rights arising out of the use, reproduction, or disposition of any Subject Data furnished under this contract; or (ii) based upon any libelous or other unlawful matter contained in said Subject Data.

(f) The Contractor agrees to report in writing to the Smithsonian Office of the General Counsel, promptly and in reasonable detail, any notice or claims of copyright infringement received by Contractor with respect to any Subject Data or other material delivered under this contract.
The Smithsonian Institution is a trust instrumentality of the United States and has adopted a written policy for responding to requests for Smithsonian Institution records, including paper documents, electronic data, email, contracts, and other information stored or maintained by the Smithsonian, consistent with the principles of disclosure under the Freedom of Information Act, 5 United States Code (U.S.C.), § 552 and available at http://www.si.edu/About/Records-Requests:

1. **Confidential Information.** Confidential Information consists of trade secrets, product concepts, customer information, marketing communication material, marketing strategies, and other commercial or financial information that if affirmatively used by a competitor of the disclosing party would cause the disclosing party substantial competitive harm or information the release of which would violate the privacy rights of a third party with no overriding public interest. If Confidential Information is disclosed in tangible form, it shall be clearly designated in writing as such by the disclosing party. If Confidential Information is disclosed other than in writing, the information deemed to be Confidential Information shall be confirmed in writing as such within thirty days of such disclosure.

2. **Exceptions to Confidential Information.** Confidential Information shall not include any information, whether or not designated in writing as Confidential Information, which:
   
   (a) was publicly available at the time of disclosure;
   
   (b) was known by the receiving party prior to such disclosure;
   
   (c) becomes publicly available after disclosure through no fault of the receiving party;
   
   (d) is received from a third party who acquired the information without committing a wrongful or tortious act; or
   
   (e) is developed independently by the receiving party without reference to or use of Confidential Information.

   Either Party shall notify the other promptly in writing of any misappropriation, unauthorized disclosure, or use by any person of the Confidential Information which may come to the recipient party’s attention. Recipient will take all steps reasonably requested by Discloser to stop, limit, or otherwise remedy such misappropriation, unauthorized disclosure, or use.

3. **Limited Disclosure.** Each party agrees that it will not disclose Confidential Information provided to it by the other party to others except to the extent that it is necessary to disclose such Confidential Information to its directors, officers, representatives, legal and financial consultants, and employees having a need to know such Confidential Information (“authorized parties”) for the purpose of pursuing a business and contractual relationship between the parties. The parties shall use at least the same degree of care that each party uses to protect its own Confidential Information of similar importance, but no less than a reasonable degree of care. Further, the parties may disclose Confidential Information if required by law, subpoena, order or request of a federal governmental authority or court of competent jurisdiction, and further, provided that the party obligated to disclose such Confidential Information shall (i) assert the confidential nature of the Confidential Information to be disclosed, (ii) use reasonable efforts to obtain confidential treatment for any Confidential Information so disclosed, and (iii) immediately notify the other party of the requirement, order, or request to disclose in advance of such disclosure in order to afford the other party the opportunity to contest disclosure. In the event disclosure is requested in accordance with Smithsonian’s records disclosure policy, Smithsonian will provide the disclosing party the opportunity to identify Confidential Information prior to release, but final decisions regarding release shall be made by Smithsonian in accordance with its policy. No other use or disclosure of Confidential Information may be made by any party without the prior written consent of the disclosing party.

4. **Return of Confidential Information.** The receiving party will either return or destroy all tangible materials embodying Confidential Information within ten business days of receipt of the disclosing party’s written request to do so and, if further requested by the disclosing party, the receiving party will provide written certification of such destruction.
